

I SPY IN THE LIVINGROOM

MATERIALS

Download and print the Livingroom poster and place it on the wall.

- 1 Say: I spy with my little eye something beginning with... B.
- 2 Your child has to guess the object you are thinking about. Make sure you don't look at the object.
- 3 You can say expressions such as Try again! or Good try!, Do you give up? or Excellent, you've got it!
- 4 Put a time limit of one minute for each round so the game doesn't go on too long and your child gets bored.
- 5 Now it's your child's turn. Each turn could be in a different room, or with other versions of the game (See the other I spy activities).
